In case of **Treasuries**: par value; in case of **equities**: quarterly closing price quoted by BSE; in case of **investment notes**: quarterly closing price is regarded as the basis of calculation. In case of customer account balance and securities denominated in foreign currencies: **foreign currency** prices are converted to HUF on the quarterly closing official exchange rate of the central bank of Hungary.

<sup>3</sup> Indexation of charges and fees: The Bank links the calculation of the charges and fees indicated in the present List of Conditions to the average consumer price-index yearly announced by the Hungarian Central Statistical Office regarding the preceding calendar year. The amount or rate of such charges and fees shall be indexed each year from the 1st day of April automatically to the average consumer price-index applicable for the preceding calendar year. The indexed charges and fees shall be published each year in the present List of Conditions on or before the 1st day of April. Charges and fees shall be rounded off to the nearest whole HUF, or if determined in EUR to the nearest two decimal points, according to the general rules of rounding off.
