The monthly and periodical fees are debited on the last banking day of the month or period, and the one-off fees are due when the related order is executed. The monthly account maintenance fees are charged on the first banking day of the month followed by the monitored month except in case of the Base 2.0 and Aktiv account package. Upon receipt of a Client's instruction to close a bank account, the Bank will, for the period up to the account closure date in the month concerned, charge to the Client the pro rata amount of the monthly fee stipulated in the current List of Terms & Conditions for the relevant account package, if the fee is not related to any fee discount condition.

Account management conditions		
		Aktiv Account
Account maintenance	If the conditions detailed in below of these List of Terms & Conditions are met	HUF 0
	If the conditions detailed in below of these List of Terms & Conditions are not met	Promotional until 31.05.2025: HUF 1,999 The standard fee: HUF 2,499
The condition for using the Aktiv account with a discounted account management fee is that at least one of the following conditions is met:		<p>I. A credit of at least the amount of the current minimum gross monthly wage – HUF 290,800 in 2025 – but until December 31, 2025, a promotional requirement of the current minimum net monthly wage – HUF 193,382 in 2025. This credit can be received in up to two installments, for any reason.</p> <p>II. At least 10 transactions must be completed on the bank account in the given calendar month, and the total value of the transactions completed each month must reach an amount equivalent to half of the current minimum gross monthly wage – HUF 145,400 in 2025 – but until May 31, 2025, a promotional minimum of HUF 50,000.</p> <p>III. The Customer must have an active personal loan or credit agreement – excluding credit cards – with Raiffeisen Bank as a Borrower (excluding Co-borrowers).</p> <p>Further detailed information can be read below this table.</p>

Additional general rules regarding the monthly account management fee:

The Bank does not charge a monthly account management fee for the month of account opening, for the first month of using the Aktiv account package in case of a package modification, and for the following first month. If the conditions for the fee-free use of the Aktiv account package are not met in the second month following the account opening or package modification, the Bank will debit the Customer's bank account with the amount of the monthly account management fee specified in the current Conditions List. The Bank will debit the customer's bank account with the account management fee on the 6th banking day of the month following each calendar month in which the conditions for fee exemption are not met.

The Bank ties the amounts determined in relation to the conditions for the discounted monthly account management fee to the mandatory minimum wage for full-time employees (the current full gross or net monthly minimum wage). These amounts are automatically adjusted from January 1st of each year to the mandatory minimum wage for full-time employees applicable for that year, or to amounts calculated in the same manner based on it. The Bank publishes the changes in the relevant amounts in the current Conditions List by December 20th each year. If the legislation regarding the minimum wage is announced after December 20th, the Bank will publish the changes no later than the working day following the announcement of the legislation.

i This means that by meeting any of the three conditions mentioned above, you are entitled to a HUF 0 monthly account management fee. The Bank does not check the fulfillment of the conditions during the month of account opening (or account package change for existing customers) and the first full month thereafter. This gives you enough time to arrange for your salary to be transferred to this account through your employer, or to activate your bank card and fulfill the transaction condition with the transactions made using it.

I. Further details of the crediting condition for the account management fee exemption:

A credit of at least the amount of the current minimum gross monthly wage – HUF 290,800 in 2025 – is required, but until December 31, 2025, there is a promotional requirement of the current minimum net monthly wage – HUF 193,382 in 2025. This credit can be received in up to two installments, for any reason.

Regarding the credit condition, the period under review is from the 20th day of the month preceding the relevant month to the 19th day of the relevant month. The Bank examines the fulfillment of the above conditions on the last working day of the relevant month. The required credit cannot be fulfilled through deposits or transfers between your own accounts.

Everyday life example: if your salary, meeting the specified amount, is credited to this account by the 10th of each month, you will fulfill the condition for each month as long as your income is directed to this account. Therefore, applying the review period from the 20th of the previous month to the 19th of the current month is beneficial for you even if you receive your salary twice within a calendar month. This typically happens around Christmas and New Year with some employers. If you receive your salary at the beginning of a calendar month and again at the end of the same calendar month, you can meet the account management fee exemption condition for two months with the appropriate amount of credit.

The Bank does not check whether the incoming credit was received under the title of salary or with a salary reference.

Since the amount of the minimum wage changes to some extent every year, you should expect that the amount of credit required for the account management fee discount may also change (increase) each year.

II. Further details of the transactional condition for the account management fee exemption:

In the given calendar month, at least 10 transactions must be completed on the bank account, and the total value of the transactions completed each month must reach an amount equivalent to half of the current minimum gross monthly wage – HUF 145,400 in 2025—but until May 31, 2025, there is a promotional minimum of HUF 50,000.

When determining the fulfillment of the conditions, the Bank examines the following types of transactions charged to the Customer's bank accounts:

- a) one-time transfers submitted and completed via online channels,
- b) standing orders submitted and completed via any channel,
- c) direct debits,
- d) ATM cash withdrawals using a bank card, and
- e) bank card purchases, including transactions made with the Customer's credit card.

The condition regarding the minimum number of transactions and amount can be met with any type of transaction. The Bank does not consider transactions between the Customer's own accounts when determining the fulfillment of the conditions.

The review period for the fee charge for the relevant month is from the first calendar day to the last calendar day of the relevant month. For the review, transactions already posted on the bank account in the given month and, in the case of instant HUF transfers, the day the order is placed are taken into account.

Everyday life example: You don't need to drastically change your usual transaction habits to meet the conditions for the monthly account management fee exemption, even with relatively low transaction activity.

For instance, if you usually pay your household bills via online transfer or online bank card transactions, or if you use your bank card to shop several times a week on your way home, the total of these transactions will likely meet the condition for the account management fee exemption.

One thing to keep in mind: try not to make card transactions in the last days of the month, as not all transactions may be posted to your account within the same calendar month.

The total value of transactions is linked to the current minimum wage. The minimum wage generally changes (increases) to some extent every year.

III. Further details of the existing loan condition for the account management fee exemption:

The Customer must have an active personal loan or credit agreement—excluding credit cards—with Raiffeisen Bank as a Borrower (excluding Co-borrowers).

If an overdraft facility is used, the Aktiv account package is free of charge if the overdraft is linked to the bank account to which the conditions of the Aktiv account package apply. The Bank does not consider the Customer's credit cards when determining eligibility for the account management fee exemption. The Bank reviews the fulfillment of this condition on the last banking day of the relevant month.

This means that as long as you have a loan with us—excluding credit cards—which you still need to repay, this bank account will be free of account management fees for you.

After you have paid the last installment of your loan, you can continue to use this bank account without account management fees by meeting either of the other two conditions.

Indexation of charges and fees

The Bank ties the calculation of fees indicated for the Aktiv bank account package and all related Conditions Lists (such as Raiffeisen CLEVERcard, Bank-, and Credit Card List of Conditions, Cash Transactions List of Conditions for Private Individuals) to the average consumer price index published annually by the Central Statistical Office for the previous calendar year. The amount or rate of the fee is automatically adjusted (indexed) from April 1st each year according to the average consumer price index applicable for the previous calendar year. The Bank publishes the fee changes in the current Conditions List by April 1st each year at the latest. For fee changes, the Bank applies whole forint amounts based on general rounding rules, and for fees determined in euros, amounts up to two decimal places. The Bank reserves the right not to apply the indexation for certain customer groups or types of services one or more times.

The Bank undertakes not to follow the change in the average consumer price index for 2024 in April 2025 for fees applicable to the Aktiv account package and all fees determined by the account package as announced in November 2024. The Bank's commitment does not apply to:

- indexation of fees that are not determined by account package but are uniformly applied to all account packages,
- indexation due in 2026 and subsequent years,
- automatic increases in the expected credit or transaction amounts tied to the minimum wage related to the monthly account management fee discount condition (occurring by force of law),
- possible extensions of promotions announced for a fixed period in the account package.

This practically means for you that, based on the Bank's own commitment, the announced fee changes will not be implemented until 2026 at the earliest, following the average consumer price index for the year 2025.

This commitment, with the above exceptions, pertains to maintaining the announced fees in April 2025.

For fees announced as promotional until a fixed date, it depends on the Bank's future business policy decision whether to extend the promotion, so it cannot be excluded that the Bank may choose not to extend the promotion.

<p>For the Aktiv account, you can transfer up to HUF 50,000 free of charge through online channels until 31 May 2025, with the possibility of the Bank extending this promotion later.</p> <p>If the total amount you transfer exceeds HUF 50,000, the fee for the amount above HUF 50,000 consists of two parts. The first fee component is determined as a percentage, with both a minimum and a maximum value. The second fee component is also determined as a percentage, with only a maximum value. Therefore, for the portion of your transfer exceeding HUF 50,000, you need to account for these two fee components.</p> <p>i Example: Suppose you want to transfer HUF 83,000 from your account using the myRaiffeisen mobile application. In this case, you transfer up to HUF 50,000 free of charge. The portion exceeding HUF 50,000 is HUF 33,000. In November 2024, the applicable fee for the HUF 33,000 is: 0.15%, min. HUF 100, max. HUF 15,000, plus an additional 0.45%, max. HUF 20,000. This means that 0.15% of HUF 33,000 is HUF 49.5, so the minimum fee of HUF 100 applies. Additionally, 0.45% of HUF 33,000 is HUF 148.5. Adding these two fee components, the total fee for the transfer is HUF 248.5.</p>

Provisions concerning account related insurances

Insurance premium will be debited in HUF to the account associated with the insurance. If the insurance is linked to a foreign currency account, and the premium is debited to such account, the amount of the premium (denominated in HUF) will be converted into the relevant foreign currency at the foreign exchange mid rate quoted by the Bank at 14:30 p.m. on the due date of payment.

As insurance fee is denominated in HUF, and the exchange rate applied is variable, if the premium is settled from a foreign currency account the amounts converted into the relevant currency on the different dues dates may differ from one another.

For further terms and conditions please consult the related Terms & Conditions of the product.

The payments are processed with normal priority based on our standard processing except any other disposition from client. Excluding orders in EUR without conversion the deadline of receiving orders to be executed on the same business day and the deadline within the business day of receiving orders are considered the same.

In the case of payments not in EUR initiated by the Customer in favour of bank accounts registered in the Member States of the EU, or in Switzerland, Norway, Iceland or Liechtenstein, and in the case of payments initiated by the Customer in favour of bank accounts registered in Turkey or the United Arab Emirates, the Customer shall bear an obligation of identifying the beneficiary's International Bank Account Number (IBAN), as well as the SWIFT code (BIC or Bank Identifier Code) of the beneficiary's account-keeping bank for the Bank when giving the payment order.

This rule is valid in the later months as well: the Bank is charging the account maintenance fee on the first banking day of the month followed by the monitored month, when the incoming fund of HUF 120,000 has not arrived in at the most two amounts. ¹² Rules regarding the free transfer limit of HUF 100,000 included in the **Fee Waiver Plus** account package:

Method for calculating the free limit:

The free transfer limit applies per account, is only valid for the account packages specified above and cannot be split between accounts. The free transfer limit includes all payment orders (including instant transfer orders initiated by a payment request or unified data entry solution) or transactions submitted to the Bank through the specified channel, regardless of whether the order has been executed, revoked, cancelled or recalled. In the case of an order with a value date, if the date of submission and the value date indicated by the Customer are in different months, the amount of the transaction in question will be included in the limit for the month of the value date.

The free transfer limit is only available for the calendar month concerned.

Calendar month: from 00:00 on the 1st of every month until 23:59 on the last day of the month.

If the free transfer limit is not used up in a given month, it cannot be carried over and cannot be accumulated for subsequent months. The different discounts cannot be combined, the available free limit is also reduced by free transaction types – e.g. executing a payment request or unified data entry solution, executing a transfer of less than HUF 50,000.

The free transfer limit is calculated on the basis of the transaction information stored in the Bank's systems. The Bank does not provide a separate informational platform in this regard, the limit utilisation can be checked in the account history.

If the amount of a given transaction is higher than the available free transfer limit, the currently applicable non-discounted fee will be applied to the amount exceeding the limit. Any additional transactions exceeding the free transfer limit will also be subject to the applicable non-discounted fee. Non-discounted fee: for the portion exceeding HUF 50,000 0.45%, max. HUF 20,000. In-bank transfers between own accounts do not reduce the free limit.

For the purposes of calculating the free limit, a transfer between the customer's accounts registered with the Bank in different customer master records is not considered a transfer between own accounts. (The customer master is the same as the middle 6 characters of the Account ID / short account number on the bank statement header and on the customer card.

In the event of switching between account packages, all transactions initiated in a given calendar month will reduce the free transfer limit applicable to the current account package after switching the account package - regardless of whether the transaction was initiated and/or booked before the switching of the account package.

The free transfer limit is only available to the Customer until the day he/she has an account package in which this free transfer option is available.

The Bank reserves the right to change, within the limits of the legislation in force, the settlement logic of the free transfer limit as detailed above.

¹³ In case of orders for changing fee package given and accepted by the Bank until 16:00, the starting date of the new account package is the first banking day after the day when the order was given. If the order was given after 16:00, the new account package will be set on the second working day after the acceptance. In case of different instruction of the account holder, the Bank fulfills the order for changing fee package later, at the individually indicated time. The Promotion is valid until orders given until withdrawal but no later than 31.12.2025 16:00 for all retail and premium accounts. Orders of changing fee package can be given and accepted only in case of the new account package is currently „available“ in the List of Conditions.

¹⁴ For the purposes of the charging of the account closing fee, a change in account packages shall not be regarded as an account opening.

It shall not qualify as an account closing initiated by the Customer if in a personal loan request the Customer provides that in case the personal loan agreement fails to enter in force, then the Bank should take steps to terminate the bank account connected to the personal loan agreement.

¹⁵ The cancellation of a payment order is available only, if the Bank did not start the execution of the payment order until the reception of the cancellation order. The cancellation of payment orders executed according to the intraday settlement rules is not available.

¹⁶ Charged in case of HUF transfers from FCY accounts and interbank HUF transfer orders given and processed as foreign currency transfers from HUF accounts.

¹⁷ The 'Special FCY exchange conversion' option is available via DirektNet and the myRaiffeisen mobile application, for amounts between the specified amount limits declared in the certain electronic channel related user manual(s), between the Customer's accounts, at the buy and sell rates quoted and offered by the bank for each transaction individually, and provided that the funds are fully available on the account.

¹⁸ In certain cases the transaction can be processed after 5:00 p.m., before the evening batch is being started. The DirektNet always confirms the execution date while processing the transaction.
